NUMBER 97

PRESIDENT MAKES FIGHTING SPEECH FOR LEAGUE COURT

"IN HARMONY WITH PLEDGES OF G. O. P.,
WELCOMES TEST OF STRENGTH WITHIN
HIS OWN PARTY ON THE COURT PLAN

Handles Colleagues In
the Senate "Without
Gloves," Boldly Mak-
ing Bid for Showdown.

OPPOSES LEAGUE

New York, April 24.—President Harding today laid before the American people his case for participation by the United States in the International Court of Justice.

Such participation, he affirmed, would be in harmony with Republican pledges and would not be an entangling alliance with the League. The President left no doubt about his attitude toward the League.

"It is not for me," he said, "and this administration has no intention of entering it by the side door, the back door or the cellar door."

Mr. Harding made these statements in a speech at a luncheon of the Associated Press. It was a vigorous reply and challenge to those Republicans who have demanded that the President drop the court plan or face a split in the party. To them he said that if that issue will split the party it is time to find out what the party's strength consists of.

Mr. Harding did not mince words in taking to task those Republicans who, he said, "shuddered excessively" and "assume entanglements in European affairs" as "unavoidable if the United States joins the court."

"Any entanglements," he said, aiming his words directly at those Republican Senators, including Watson of Indiana, who have expressed fear of America's embolism in Europe's politics, "would first require assent of the Senate, and if by any chance the Senate approved of any entanglement, the present administration would not complete the ratification. If in spite of these statements, uttered with full deliberation, there was excessive or unfounded hopes on the one hand or utterly unavoidable apprehension on the other, I know of no words effective to apply."

Having rebuked his mistrustful Republican colleagues, the President then served notice that friends of the League of Nations need not expect his administration to consider membership in that body.

"Excessive friends of the League," he said, "have belauded the situation by their unwarranted assumption that this is a move toward League membership. Let them disabuse their minds."

He then quoted from speeches to the Senate in 1904 and from his own speeches recently to prove that the party, as a party, and he as the President were pledged to put the United States into exactly the sort of world court he now proposes to enter.

PITTSBURGH BOOZE
DEFENDANTS ARE
ADJUDGED GUILTY

Pittsburgh, Pa., April 24.—John Douglas, Jr., Clerk of Courts and five other men were adjudged guilty of violating a court order regarding illegal disposition of confiscated beer by Federal Judge Thompson today. The men will be sentenced at ten o'clock Thursday morning it was said.

The men accused, by Judge Thompson are Douglas, who is the head of a transfer and storage concern here, Wm. A. Keltor, former Dry Chief here, and Agents Zimmerman, Dorne and Henderson, the latter believed to be a fictitious character, and Attorney Wilt.

Miss Helen Phillips entertained at a 500 party last evening at her home on Fourth street.

HARDING SERVES
NOTICE HE WILL
ADHERE STRICTLY
TO COURT PLAN

New York, April 24.—President Harding opened his campaign for American adhesion to the world court of the League of Nations here today by serving notice on members of his own party who have lined up in opposition to the proposal that he is irrevocably committed to it.

Conferees Will Table
Chester Concession
During Discussions

Lausanne, April 24.—The Chester concession, Turkey's bid for American support in the Near East, is to be temporarily laid on the table at Lausanne while the conference bends its efforts towards completing a peace treaty.

The first commission or party went into session this morning with Sir Horace Rumbold, leader of the British delegation, presiding. A second session will be held this afternoon. Neither will discuss the Chester concession, it was announced.

SENATORS WANT TO
KNOW HOW NEW CODE
WAS TAMPERED WITH

Harrisburg, April 24.—The first legislative investigation of the Pinchot administration began today when a committee of three Senators set out to find out who has been responsible for the unofficial amendment of the Governors reorganization code last week.

The Senate passed unanimously Senator Craig's resolution made last night, providing for a thorough probe of the affair. The Senators appointed to the committee, Craig, Schantz and Somes, are known to be determined to push the investigation vigorously.

According to Craig, sponsor of the resolution, the insertion of the 16th amendment in the code without authorization of the Senate was "an usurpation of legislative authority and an insult to the Senate." The administration's view of the amendment was not officially explained. Governor Pinchot said recently that the changes were unimportant and it was carefully inserted for the purpose of correcting obvious errors.

MRS. PHILLIPS MADE
ESCAPE DISGUISED
AS MESSENGER BOY

Los Angeles, Cal., April 24.—Clara Phillips, in her sensational escape from the Los Angeles county jail, walked out of the front gate, disguised as a messenger boy. The bars in her cell were afterwards cut as a blind. At the jail door she was taken under the wing of a man named Jesse Carson, who had been paid \$2,000 to chaperon her on her flight.

The above allegations are being investigated by the district attorney's office today in connection with inquiries into the escape of the hammer murderer—now given added interest by her reported capture in Tegucigalpa, Honduras.

PINCHOT CALLS ON
SNYDER TO REMOVE
KEPHART FROM JOB

Harrisburg, April 23.—Governor Pinchot tonight publicly called for the removal of Harmon M. Kephart from office as deputy state treasurer.

Kephart this morning virtually admitted guilt on the indictments returned against him and paid a fine of \$44,425 imposed by the Dauphin county court. He entered a plea of nolle prosequere.

Nevertheless he is still on the payroll of the state at a salary of \$8,000 a year, because State Treasurer Snyder has not accepted his resignation.

Kephart handed his resignation to Snyder long ago. Snyder says he does not know when he will act on it. Meanwhile Kephart is on the payroll. The Governor cannot remove him from office because that power rests solely with the appointing officer who in this instance is Snyder. Apparently the Governor's demand means little to the Treasurer.

"The Kephart decision," said the Governor, "is a complete victory for Auditor General Lewis and the investigation he made of the affairs of the former state treasurer. The state wins entirely for Kephart has been declared guilty in every point in the indictments. I trust this means, as it should, his immediate separation from the public service."

Snyder Keeps Mum.
Mr. Snyder this afternoon was asked what he proposed to do in the matter. He replied:

"Kephart gave his resignation to me long ago but, as I don't believe it a wise thing to act hastily in matters of this kind, it is still in my hands."

"What are you going to do about it," Mr. Snyder was asked.

"I am still considering it," he replied.

"Since Kephart virtually admitted guilt and has been sentenced, can he legally hold a public office?" the Treasurer was asked.

"I will not discuss that matter," he said.

In entering his plea of nolle prosequere, Mr. Kephart attempted no defense to the nine indictments found against him, charging him with misconduct in office in that he failed to keep true and proper accounts of funds paid into the state treasury during his term of office. He stated, however, that no effort was made for private profit and that no loss was suffered by the state.

HOUSE PASSES OLD
AGE PENSION BILL
BY VOTE OF 131 TO 29

Harrisburg, Pa., April 24.—The House passed by a vote of 131 to 29 the Old Age Pension bill, the first measure of its kind ever to pass the Pennsylvania General Assembly. In its present form the bill carries an appropriation of \$25,000 to make a survey. Opponents of the bill declare it would lead to an annual expenditure of \$35,000,000.

CITY BANK OF YORK CLOSED AFTER
EVIDENCE SHOWS EMBEZZLEMENT OF
FUNDS SAID TO BE NEAR A MILLION

Harrisburg, Pa., April 24.—Evidence of the embezzlement of funds of the City Bank of York, probably totalling as much as one million dollars today resulted in the closing of that bank by the State Banking Commission. The arrest of the cashier T. B. Baird has been ordered and a warrant will be issued for the Assistant Cashier, according to State Banking Commissioner Cameron.

York, Pa., April 24.—Warrants were issued for the arrest of the cashier and assistant cashier of the City Bank of York here today, following disclosure of a shortage in the bank's funds totalling more than \$800,000.

Excited crowds of depositors gathered about the bank but no outbreak was anticipated. Detective Charles White, armed with warrants, was searching for Cashier Baird and Assistant Cashier Boll. The two men were not believed to have escaped since they were seen entering a lawyer's office this morning.

AUTO OWNERS WILL
PAY EDUCATIONAL
DEFICIT OF STATE

Harrisburg, April 23.—A definite tax program has been agreed upon by leaders of the House and Senate. It calls for an increase of 50 per cent in motor license fees and the levy of an additional one cent a gallon gasoline.

The leaders are confident new income from such sources will be sufficient to meet the educational needs of the State and, in fact, they may be able to drop the proposed gasoline tax increase.

This latter will be possible should expectations of the Auditor General materialize. Mr. Lewis is now understood to be of the opinion he can find from \$3,000,000 to \$5,000,000 revenue from present taxes in excess of the estimates made by him for the Governor when the budget was prepared.

Should it be found necessary to increase the gasoline tax one cent, it is planned that one-half of the total amount realized from that levy would be turned back to the counties of the State for use in improving State highways which run through county lines.

A 50 per cent increase of motor license fees would produce approximately \$15,000,000 and the half cent gasoline tax would bring to the State \$2,750,000 or a total of \$17,750,000 which, with the additional anticipated revenue would return more than the \$20,000,000 estimated as needed for the State's educational liabilities. The taxes thus imposed would be emergency levies, repealable automatically two years hence. The \$15,000,000 derived from the increased motor fees would go directly into the general fund, not into the highway funds, as present revenues from that source do.

COMMERCIAL CLUB
DISCUSSED MANY
TOPICS LAST EVE.

The Clearfield Commercial Club held its regular bi-monthly meeting at the Hotel Jordan last evening. It was one of those meetings that provided something interesting every minute from the first tip of President Franz's gavel.

The club was entertained (?) by a quartette selected from the membership whose rendition of "Silver Threads Among the Gold" brought forth round of round of the most vociferous applause.

The Civic Affairs Committee made a report on the present traffic ordinances as they exist on the Borough books and the report and ordinance brought forth some spirited discussion. Copies of the ordinance had been printed and were distributed so that discussion of the rules might be had. No action was taken.

M. M. Overly made a stirring plea for the local Y. M. C. A., stating that the present financial condition of the club was such that it was necessary to raise funds.

(Continued On Page Two.)

Fire Breaks Out In Madison Square
Garden, Where The Ringling Bros.
Circus Is Showing; Panic Is Averted

NEW YORK, April 24.—Fire broke out today in Madison Square Garden, where the Ringling Brothers-Barnum & Bailey Circus is being held.

Hundreds of wild animals, excited by smoke and the activity of keepers who sprang to their posts when the alarm was given, stirred uneasily in their cages, many roaring with fear. There was no general panic, however.

The flames were confined to the stock room, where several thousand dollars worth of pop corn, peanuts, ice cream and soft drinks were destroyed.

GRAMPIAN MAN IS
"DECOY" USED IN
"BURG" DRY RAID

Philipsburg, April 24.—William Austin's place on Spruce street was raided Saturday night, the officers getting most everything except Bill. He slipped through the net, and at noon today was still at large, a fugitive of the law.

Albert Austin, wife of William Austin, as a result of Saturday night's raid, was taken into custody this morning, and at a hearing before Squire Thomas Byron, was placed under \$1,000 bail for her appearance at court. She was charged with selling intoxicating liquor.

Part of the liquor purchased at the Austin home and which resulted in the raid, is now in possession of Squire Byron and will be used as evidence against Mrs. Austin and her husband—if he is rounded up.

Those who made purchases of liquor at the Austin home were J. S. McKillin and a man named Moore, both residents of Grampian. McKillin is soon to accept a position as night policeman here. He informed Daniel Brink, chief of police, here that he would make an effort to obtain evidence against the colored man believed to be furnishing liquor hereabouts. He was given a free hand.

With the man named Moore, who seems to have been a trusted patron, McKillin visited the Austin home three times during Saturday afternoon and evening. According to their evidence they purchased liquor on each visit, buying it from Bill and Mrs. Austin, who were not aware that the stranger with Moore was after evidence. They got half a dozen or more drinks during the three visits, paying 35c a drink. They also got half a pint in a bottle, for which they paid \$1.50. The liquor in the bottle is the quantity held as evidence.

On the evidence of McKillin the arrest of Austin was authorized. He was found at his home late Saturday night, and though B. F. Carmack, who has been serving as night policeman temporarily, and Elmer Parsons, special officer, had their hands on the man he managed to escape in the scuffle and darkness.

Parsons, it seems, had hold of Austin, and in the mixup got a blow over the head from the policeman's club in the hands of Officer Carmack and which had been aimed at Austin's head. It was then that Austin slipped away. It is said there were a number of men in the house at the time the raid was made.

The fugitive is hardly likely to get far away. He is believed to be hiding in town. Officers have been directed to arrest him on sight.

Mr. and Mrs. G. E. Bottoff, son of Clair and Mrs. Lydia Heberly, motorist over from Tyrone and spent Sunday with James Carns and family.

Harrisburg, April 24.—Final adjournment of the Legislature is set for May 24, a month from today, in a resolution passed in the Senate today. Senator Homsher of Lancaster introduced the resolution, which requires the concurrence of the House.

ALLEGED ROBBER
OF DENTAL OFFICE
CAUGHT AT DUBOIS

DuBois, April 24.—Local officers yesterday placed under arrest a man giving his name as Paul Rigor, alias Frank Palmer. The man is wanted on a charge of theft from a dental office in Reynoldsville. The man had previously offered for sale to Aaron Blenkinsfeld, the jeweler, some crowns and mountings.

The man was caught at the local postoffice, after he had made a dash for liberty from a side door, only to run into the arms of another officer on the outside. The arrest was made by Chief Peace and Special Officers, Hugh and Francis Jeffreys.

When the man offered the gold to Mr. Blenkinsfeld, the jeweler took the gold for examination and then notified the officers, who immediately got on the trail of the man wanted.

Rigor was found well healed so far as the proper apparatus for taking a "shot" is concerned. He had syringes, needles and a plentiful supply of morphine. He maintains his innocence, claiming the gold was given to him to be sold.

It was thought that the man had robbed Dr. King of Reynoldsville, as the man was in his office, but it was found that nothing was missing from this office. However, the man did have a shaving brush and a hygienic mic needle with two bottles of "Joc," which were positively identified by Dr. Smathers as having been taken from his office. There is sufficient evidence to hold him, when he is before Mayor Haag, until further investigation can be made regarding the dental supplies he had.

Rigor is a man about 30 years of age, 6 feet, weight 188, medium tall complexion, with all the appearance of a dope fiend. His home is a Josephine, Pa.

Thomas Reay Severely
Injured In Accident;
Auto Wrecked At Curve

DuBois, April 24.—Thomas Reay, of Sandy township, was severely injured and other members of his family had a remarkable escape from injury when a Ford automobile in which they were riding, struck a bank near "dead man's curve" on the Sabula road and turned over.

Mr. Reay's most serious injury is a deep cut upon the arm, which, it is feared, will impair the use of his hand. Mr. Reay was driving towards this city when he rounded the curve and met another car. In turning out for it, he swerved into the embankment, his machine turning over. Mr. Reay went through the windshield receiving cuts and bruises in that way, the most severe being that upon his arm. Other members of the party in the car were scattered over the roadside, while the machine was wrecked almost beyond repair.

Other motorists hurried to the scene and gathered up the injured U. S. Steel and stunned persons and hurried them to the hospital where it was found that Mr. Reay was the only one in need of attention. His condition today is reported to be satisfactory.

COUNTY EIGHTH
GRADE EXAMS. ARE
CALLED FOR MAY

The county Eighth Grade examinations will be held at the following places, for the districts over which there is no supervising principal, on the dates named. The pupils who expect to attend high school outside of their own district and want their district to be responsible for their tuition are required, by law, to take this examination.

For Bell and Chest townships and New Washington and Newburg boroughs, at Mahaffey, May 5.

For Burnside township, at Burnside May 5.

For Karthaus and Covington townships, at Karthaus, May 7.

For Girard township, at Bald Hill, May 7.

For Glen Hope borough, at Glen Hope, May 7.

For Guilich township, at Janesville, May 8.

For Jordan township, at Ansonville, May 8.

For Chester Hill borough, Decatur and Boggs townships, at Chester H. H., May 9.

For Westover borough, at Westover, May 10.

For Graham township, at Black Oak, May 10.

For Troutville borough, at Troutville, May 10.

For Union township, at Rockton, May 11.

For Greenwood township and Lumber City borough, at Lumber City, May 11.

For Grampian borough, Bloom, Penn Pike, Bradford, Lawrence, Knox, Ferguson, and Goshen townships at Clearfield, May 12.

Instructions.

1. The examinations will begin at 8:30 and all pupils should endeavor to be present at that time, unless delayed on account of trains.

2. Each applicant should provide for himself a good grade of paper, about 8 1/2 by 11 inches, heading each sheet with the name of the branch, pupil's name, teacher's name and the name of the school district.

3. Do not write the questions, number only and write legibly, on one side of the paper, leaving a space between each answer. Much depends upon the appearance of the papers.

4. Each applicant must have his questionnaire filled out by his teacher and sent to the superintendent's office on or before the day of the examination.

5. No applicant will be granted a diploma, who has not attained the age of 15 years, unless, after passing the examination, he shall enter and do successful work in an accredited high school.

6. No pupil who has not made proper preparation should be recommended for the examination.

7. Pupils should be instructed to avoid all appearances of cheating and unfairness, and applicants should not occupy adjacent desks or tables, if otherwise possible.

8. In order to pass the examination, applicants shall make a final average of 75% and have completed the County Reading Course.

9. Eighth grade diplomas will not be mailed individually, unless the pupils send postage but pupils may obtain their diplomas by calling at the county superintendent's office, in the Mossey Building, at Clearfield.

W. P. TROSTLE,
County Superintendent of Schools

ODDS AND ENDS AND THINGS

By J. D. C.

A New Jersey supreme court judge has decided that a man can have his wife up no less than three times in nine years and not be guilty of cruelty enough to warrant a divorce.

Clearfield has changed hands from the past year than in all other boroughs in the county put together, also including the city of Clearfield. Nothing denotes the real town like the activity in real estate.

After a survey of 8,094 representative farm ventures, the Department of Agriculture announces that in 1922 the cash yield of an average farm, capitalized at \$16,400, was \$715. In addition, \$232 was gained on the average in machinery and live stock and \$235 was obtained from the land in fuel and food. Altogether \$1,211 stood for the return on \$16,400 plus the labor of farmer and family.

But not all the agriculturists of the country were so fortunate as this average. Of those canvassed 14.6 per cent failed to make expenses; 50.8 per cent made less than \$2,000; 6.8 per cent less than \$3,000; and only 5.6 per cent got over \$3,000 for the investment of capital and labor.

In these figures one finds without difficulty the whole cause of the migration from country to city which creates so much agitation among economists. Nowhere else in the United States does capital produce so little or labor bring so small a reward as on the farm. A man who has \$16,400 tied up in acreage would be financially better off to sell, put the money in 4 1/2 Liberty bonds and go to work for Henry Ford. The bonds would bring almost as much income as the farm, with no labor involved, and he could not earn much less than \$1,500 a year in a Ford plant.

The move from country to city is evidence that the farmers are aware of these facts and are reacting to them in normal fashion. In some sections they are forming co-operative associations, in others they are selling their goods at auction and shaking the dust of agriculture from their boots forever. This last is not a good thing for the country, but the country has left many farmers no choice.

By mounting a battery of sixteen-inch naval guns 1,000 feet above sea level, the United States will have the most powerful fortress in the world at Hawaii, Secretary of War Weeks announces.

Four of the great rifles are already at Fort Snedden, Hawaii, near which are the points selected for the mountings. The Hawaiian battery will be unique in the history of defense and offense, even the armament at Gibraltar being inferior to it.

At an elevation of 1,000 feet the visibility is 41.7 miles, instead of

from 12 to 15 from the deck of a capital ship. By elevating the guns to an angle of 30 to 45 degrees at such a height their range would be proportionately increased, thus being able to drop shells on an approaching enemy long before it could get within range of the island.

COMPROMISE MAY BE MADE IN CHANGES OF COMPENSATION LAW

Harrisburg, Pa., April 24. (United Press.)—A compromise on the workmen's compensation legislation pending before the legislature may be effected, it was believed here today.

The compensation code, defended last week before the Senate judiciary general sub-committee by labor representatives, has little chance of coming to a vote on the floor of the Senate, according to members of the committee, but many of the same members were said to favor some of the provisions of the code.

A number of amendments are being drafted, it is understood, as a substitute for the code in the event it fails. These amendments would take care of the separate provisions changing the scope of the present compensation act to include occupational diseases, reduction of the waiting period, increase in the disability schedule, and the compensation period beyond the 800 weeks at present allowed.

When Senator MacDade, Delaware, suggested to Roger Devor, attorney for the United Mine Workers, at the hearing that he prepare amendments as a substitute for the bill the latter replied that he was arguing for the code but when the time came, if it should, he would "meet them on that score."

MacDade pointed out that many of the subjects sought in the code could be obtained by amending the present act thus meeting the objections of employers that the code "is a complete upheaval of the compensation system."

Devor, speaking for the unions, said the principal object of the compensation code was to rectify many inadequacies found by the supreme court in order to bring about smoother administration by the authorities charged with enforcement.

URGES THAT STATE PUBLISH HANDBOOK KNOWN AS SMULLS

Harrisburg, Pa., April 24. (United Press.)—Purchase of the copyright on Smull's Legislative Handbook, "the most used and useful of all state publications," is advocated in a bill now before the House, introduced by Rep. Gelder, Susquehanna.

Smull's Handbook has been the property so far as copyright is concerned, of three families since it was published for the first time in 1866 by John A. Smull, then resident clerk of the House of Representatives.

After the death of John Smull, in 1880 it passed to his brother William Smull, who published the book until 1887 when it was sold to Thomas B. Cochran, of Lancaster. Cochran and his estate held on to the rights of this important state publication.

Herman P. Miller, now librarian of the Senate, took over the copyright and proceeded to publish the book thereafter. The note in the first volume under his supervision is enlightening. It reads: "To continue and if possible to add to the standard of the work as an authority will be the aim of the new compiler and his assistant Mr. W. Harry Baker."

The appropriation with which to make the purchase is fixed in the Gelder bill at \$18,000. The Senate Librarian points out in connection

with the desire to transfer the work to the commonwealth exclusively that "it ought to be given in charge of someone who would do nothing else as it necessitates a great deal of time and attention in gathering and compiling the data that is filling the recent issues of this publication."

The last issue of Smull's combined the 1921 and 1922 editions. The normal distribution is 35,000, but of this issue 50,000 were sent out, 15,000 going to the public schools in conformity with the law that the edition containing census figures must be so distributed.

The compilation of Smull's Legislative Handbook is a separate contract with the state at the present time. For publishing this sourcebook of information \$1,500 is paid compared with \$500 paid in 1837. Under the Department of Printing and Binding where the work would naturally fall, greater attention could be paid to the contents with a force of experts and editors to arrange the material.

It was the intention at the beginning to publish Smull's annually and this continued until 1880 when John Smull died and the legislature started on a biennial session. Until 1890 the book was published every two years and after this it was published annually.

The title page of the first edition of Smull's in 1866 states it is a "manual of rules of the general assembly of Pennsylvania and a legislative directory with the constitution of the United States and of Pennsylvania."

The first copyright was obtained in 1869. Why it should have been copyrighted by a private individual no one knows but the fact remains it has been private property until this time

and it will be up to legislature to decide whether or not it will pass on to another individual or be claimed by the state.

JOHN P. CAMERON DIES SUDDENLY

John P. Cameron, familiarly known as "Jack," died suddenly at his home in Pittsburgh, Pa., about eight o'clock Sunday morning, April 22, 1923, after an illness of only a few days with pneumonia. His many friends throughout this district will be shocked to learn of his untimely death.

Mr. Cameron was born at Houtzdale, Pa., and was a son of Peter Cameron, who located at Houtzdale a great many years ago and opened up the coal land in that territory for the Berwind-White Coal Mining Company.

During the late war and during the life of the U. S. Fuel Administration, Mr. Cameron was fuel distributor and his offices in this period were located at Altoona. In this official capacity, Mr. Cameron became known as a man of high executive ability and he gained many friends by his straightforward business methods. At the time of his death he was associated in business with Mr. Crawford, of Pittsburgh, under the firm name of Crawford & Cameron.

Mr. Cameron, whose wife preceded him in death about a year and a half ago, is survived by one son, four sisters and three brothers. One brother, W. R. Cameron, is located at Philadelphia and is general superintendent of the Berwind-White Coal Mining Company.

The funeral services were held in Pittsburgh today.

Commercial Club

(Continued From Page One.)

institution was not as it should be. Following Mr. Overly's plan the Club voted unanimously to take it upon themselves to see that the present deficit of the "Y" was cleared up and that some provision would be made for the continuance of the institution.

The Club members then repaired to the Globe Theatre where they were entertained for an hour by moving pictures showing the production of asbestos from the raw state to the finished product. The pictures were furnished thru the courtesy of the Johns-Manville Company of Pittsburgh and were interesting from start to finish.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force their way to unnatural action.

If you have a "dull brown mouth," bad breath—a dull, tired feeling—headache—torpid liver—constipation—you'll find quick, sure and pleasant relief from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them and say: "I feel right."

EVERYTHING FOR OUTDOOR SPORTS

We have everything for every outdoor sport that you could imagine. We have clubs and balls for the golfer, we have everything for the baseball fan, everything for the tennis fans and there isn't a sport but what we have the equipment for.

We feature the famous D. & M. line of sporting goods and the folks who have used them tell us that they are the best they have ever used.

DRINK OUR FRESH BUTTERMILK

The more of our fresh Buttermilk that you drink, the better you are going to feel, inasmuch as the chemical action of the Buttermilk in your system overcomes a lot of things that you would ordinarily have to take medicine for.

Our buttermilk is better simply because we have a fresher, riper cream than the other folks who allow their cream to ripen by the old fashioned process of "letting it set."

You may get our fresh Buttermilk from the waggonmen every morning.

Clearfield Dairy Co.

GIFTS OF QUALITY

When the person to whom you give some remembrance, whether it may be for an anniversary or some other event, opens the box and sees the imprint, "O'BRIEN," they know that the gift has come from the house of quality.

We have almost anything that you might want for such an occasion and you'll find that the price is much lower than you expected to find it.

W. W. O'BRIEN

JUST A FEW MORE OYSTER DAYS AHEAD

The oyster season draws to a close and if you wish to have a last session with the delicious bi-valves, you better get "fed up" on them before the end of the week.

Shad Coming Every Day

Every day we are getting plenty of those fine Shad that are so popular just now. We have plenty of jacks, roes and hicks and they are sized right for your family.

JELKE GOOD LUCK MARGARINE

The Finest Spread For Bread

John F. Jelke Company, Chicago

Wholesale Distrib.: John F. Jelke Co. of N. Jersey
401 Liberty Ave., Pittsburgh, Penna.

For Sale—Fresh—at Your Dealers'

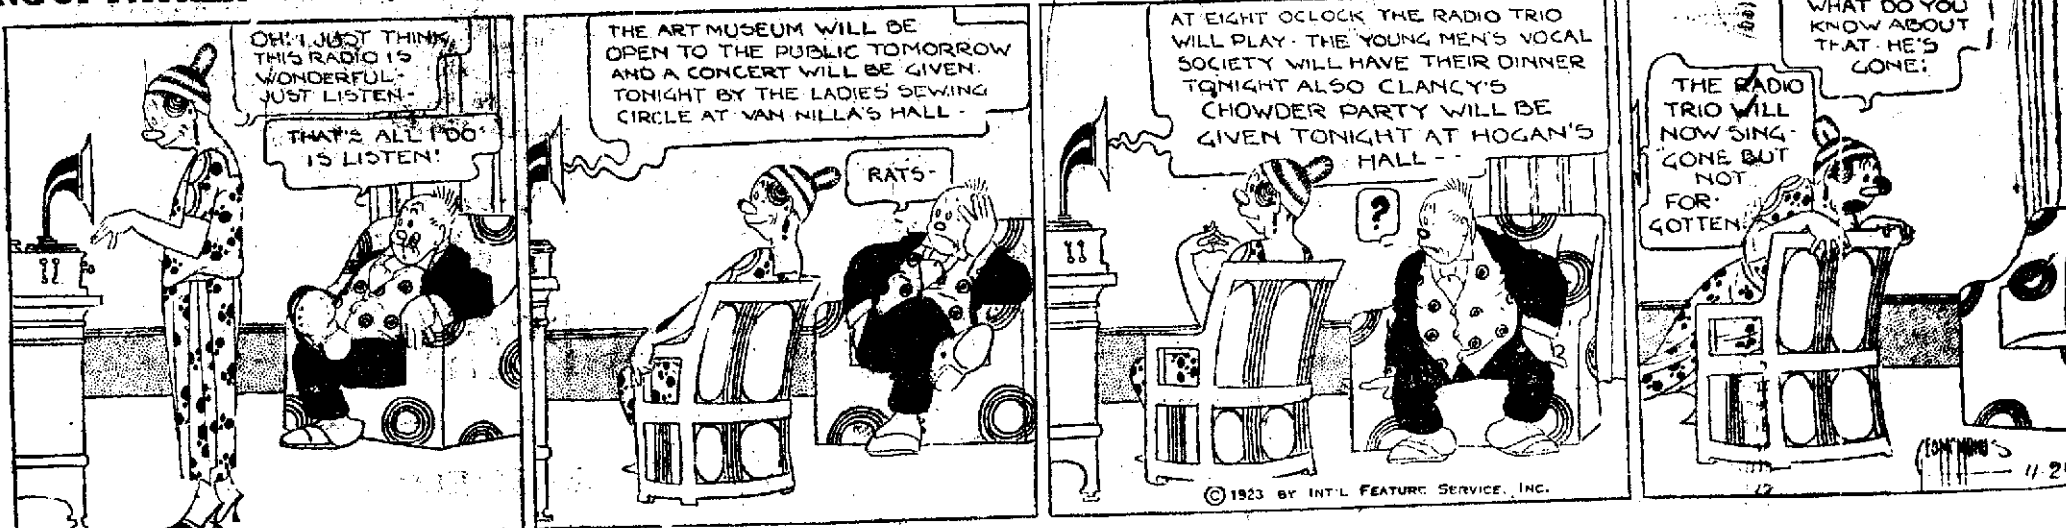

A Radio Message for Housewives

You are now listening to a talk on "Margarine, as a Pure and Wholesome Food," by Station J-E-L-K-E, Chicago, Illinois

Jelke GOOD LUCK Margarine is pure food of the best kind. No coloring matter or preservatives enter into the making of GOOD LUCK. Its ingredients, processes of churning and methods of sale are as clean, pure and sanitary as they can possibly be. Many housewives are serving Jelke GOOD LUCK Margarine on the table as a spread for bread. It has a delicious flavor that goes well with bread; and a smooth, creamy texture that is ideal for spreading. GOOD LUCK is perfectly good and nutritious for both children and adults; being made of ingredients that are pure and wholesome. The price of GOOD LUCK is low. Use Jelke GOOD LUCK Margarine—for Purity for Value.

For Little Ones.

Books for children require an amount of work and knowledge altogether disproportionate to the money which the authors are going to make out of them. Is that why our best authors do not write them?—L. C. Hughes

Now is the time to fight constipation with Bran—Start to-day!

Don't give the disease that follows in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN. Kellogg's Bran, cooked and krumbled—because it is ALL BRAN and because it will give you permanent relief from constipation! It is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Bran's action is wonderful. It sweeps and cleanses and purifies. It knocks out the dangerous toxic poisons and frees the system from pollution. Try Kellogg's Bran for a week. Eat it regularly—two tablespoonfuls each day, as much each meal in chronic cases. You will be astounded at the difference in your feelings!

Kellogg's Bran should not be con-

sumed with common bran which is unpalatable and difficult to eat. Kellogg's Bran is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal or cook or mix it with hot cereal. In the latter cases add two tablespoonfuls for each person.

Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics?

Kellogg's Bran is particularly delightful made in raisin bread, in muffins, popovers, muffins, etc. Recipes are printed on each package. You will say that Kellogg's Bran is a blessing to humanity.

All grocers sell Kellogg's Bran!

SEDAN TIRES
for closed and open cars

Closed cars are harder on your tires than open cars. They are differently weighted and throw a different strain on the tires. Brunswick Sedan Tires are the first to meet this new strain. They are perfectly balanced to protect against the strain of top-weighted closed cars. As they are made to give greater mileage on closed cars they naturally give much greater mileage on open cars. And Brunswick Sedan Tires are Friction-Proofed by Brunswick's exclusive process, to prevent "road-burn." Come in and let us explain why Brunswick's deliver more mileage.

whole summer is none too long for a trial. Mr. Mayor, get an early start.

Thus give the ordinance a fair trial by a strict and inflexible enforcement before "trying" something else, for trying that anything else will amount to.

That Clearfield can do, and ought to do, is quit using the street for the parking of cars for a whole half day at

five years ago this city talked traffic ordinance until every-
was tied of it. After the ordinance of that time was
passed, we still continued to talk, and while we did not
to death, we certainly made it groggy. After it went
effect, council, by common consent, agreed that only a
it should be enforced and, as a result, our streets be-
the public parking grounds of the city. Every fellow who
or had business in the central part of the city brought
car along; to work or business and left it in front of some-
store or business place until evening. After the evening
he rode three or four squares back to town and again
his car on the main street until time to go home. Con-
stantly the out-of-town man coming to town had to stop
or four blocks away and walk to the store or business
he wanted to go to. Clearfield's busiest business streets
looked like a public parking station in a city and the
motorist and the visitor to town was inconvenienced greatly
thereby.

At the last meeting of council it was decided to put the
ordinance into effect, but so far it has not been done.
A few are paying any attention to the various provisions.
Twenty per cent of the cars parked for the allowable fifteen
minutes are headed the wrong direction, some are parked at
angle, some laterally and some in a manner indescribable.

But the ordinance is there and it is causing many people
great concern. This is to be expected. No traffic law can be
enforced without inconveniencing somebody, but we be-
lieve that those who may be slightly inconvenienced should
consider the rights of all, particularly those who have business
in the city. Under the old conditions, shoppers
coming from out of town were indeed lucky if they could find
parking space near the busy center. Most of them had to park
three or four squares away and carry their purchases back to
the car. Today, there are enough people obeying the spirit
of the law that a visitor can stop the allotted time before most
any business house in town and transact his business.

We believe the present ordinance will be effective and
enforceable if enforced. We should not criticize a measure that
has had no real trial. We recognize that it will not be easily
enforced. It would take an army of traffic officers to keep tabs
on the man who will park for more than fifteen minutes, but
this kind of enforcement is not necessary. The police already
know who the fellows are who are using the streets for a pub-
lic parking place. Just as there is reason and common sense
to be applied in any case, so it can be applied in the matter
of parking. Should a shopper be a few minutes overtime in
coming out of a store we can well overlook that and should,
for Clearfield, as a municipality, can not afford to be inhospita-
ble to strangers.

HAVE YOU VISITED OUR OFFICES
IN NORTH SECOND STREET?

You've seen the improvements being made in
our banking rooms in North Second Street. Our
new quarters are now ready for your approval.
Doubled space enables us to provide you with
more adequate and more pleasing banking
facilities.

The fittings and decorations now adequately
reflect the friendly, personal spirit of the bank.
We believe our old friends will like "their"
bank better than ever and that many new
friends will be made through the even better
service we can give in our enlarged establish-
ment.

It would be a pleasure to us to see you today.

STATEMENT OF THE OWNERSHIP

Management, Circulation, Etc. Re-
quired by the Act of Congress of
August 24, 1912.

Of Clearfield Progress, published
daily at Clearfield, Pa., for April 1,
1923.
State of Pennsylvania.
County of Clearfield

Before me, a Prothonotary in and
for the State and county aforesaid,
personally appeared G. A. Stewart,
who having been duly sworn accord-
ing to law, deposes and says that he
is the editor of the Clearfield Pro-
gress and that the following is, to
the best of his knowledge and belief,
a true statement of the ownership,
management (and if a daily paper,
the circulation), etc., of the aforesaid
publication for the date shown in the
above caption, required by the Act of
August 24, 1912, embodied in section
443, Postal Laws and Regulations,
printed on the reserve of this form:
to wit:

1. That the names and addresses of
the publisher, editor, managing edi-
tor, and business managers are:
Publisher: Progressive Publishing Co.,
Inc., Clearfield, Pa.
Editor: G. A. Stewart.
Managing Editor: G. A. Stewart.
Business Managers: G. A. Stewart.
2. That the owner is: (If the publi-
cation is owned by an individual his
name and address or if owned by
more than one individual the name
and address of each, should be given
below; if the publication is owned
by a corporation the name of the cor-
poration and the names and address-
es of the stockholders owning or hold-
ing one per cent or more of the total
amount of stock should be given.)
Progressive Publishing Co., Clear-
field Pa.

R. H. Sommerville, Winburns, Pa.
G. A. Stewart, Clearfield, Pa.

3. That the known bondholders,
mortgagees and other security hold-
ers owning or holding 1 per cent or
more of total amount of bonds, mort-
gages, or other securities are: If
there are none, so state.)
None

4. That the average number of
copies of each issue of this publica-
tion sold or distributed, through the
mails or otherwise, to paid subscrib-
ers during the six months preceding
the date shown above is 4276.
(This information is required from
daily publications only.)

G. A. STEWART
Editor
Sworn to and subscribed before me
this 23 day of April, 1923.

(Seal) GEO. W. RALSTON
Prothonotary
My Commission expires Jan. 1 '24
Form 3326—Ed 1922.

Translated into English.
All books of the Old Testament
comprising 14 in number, have been
translated into English, and are in-
cluded as apocryphal books in some
editions of the Bible. They were for-
merly printed under a distinctive
title between the Old and the New
Testaments, and in that form can still
be found in many old family Bibles.
They are always included in the so-
called Septuagint, a version of the
Bible used by the Greek church.

For Mending.
Put a roll of gummed paper tape on
the emergency shelf. It will make itself
useful in dozens of ways, for mending
corn box corners, paper dolls, book
acts and leaves, sealing packages,
holding the lids on tin boxes, etc.

well, lot in Clearfield; \$700.

Proposal Without Words.

If a young man in Holland is in
love, and wishes to propose to a young
lady, the custom still prevails in sev-
eral provinces of the world to be the
groom buying a small, sweet cake and
wrapping it up in soft paper when he
proceeds to the house of his in-
amprate. Upon his arrival he is ushered
into the midst of the family circle.
Without a word he walks up to the
young woman he wishes to make
his wife, and he lays the cake on the
table before her. If she accepts his
offer, she takes up the cake and eats it.

If Ruptured
Try This Free

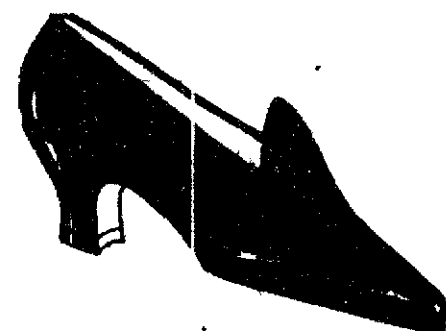

Apply it to Any Rupture, Old or Re-
cent, Large or Small and You are
on the Road That Has Con-
vinced Thousands.

SENT FREE TO PROVE THIS

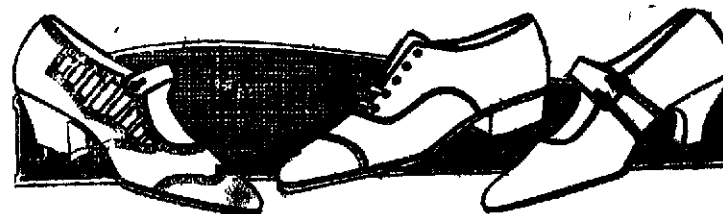

Anyone ruptured, man, woman or child
should write at once to W. S. Rice, 808 B
Main St., Adams, N. Y., for a free trial of
his wonderful stimulating application. Just
put it on the rupture and the muscles begin
to tighten, they begin to bind together so
that the opening closes naturally and the
need of a support or truss or appliance is
then done away with. Don't neglect to send
for this free trial. Even if your rupture
doesn't bother you what is the use of wear-
ing supports all your life? Why suffer this
torment? Why run the risk of gangrene and
such dangers from a small and innocent little
rupture, the kind that has thrown thousands
on the operating table? A host of men and
women are daily running such risk just be-
cause their ruptures do not hurt nor pre-
vent them from getting around. Write at
once for this free trial, as it is certainly a
wonderful thing and has aided in the cure of
ruptures that were as big as a man's two
feet. Try and write at once, using the cou-
pon below.

HALF A MILLION MILES OF NEW WIRE WILL
BE ADDED TO THE BELL TELEPHONE
SYSTEM IN PENNSYLVANIA THIS YEAR

THAT'S an increase of twenty per cent.
in the total Bell wire mileage in the state.

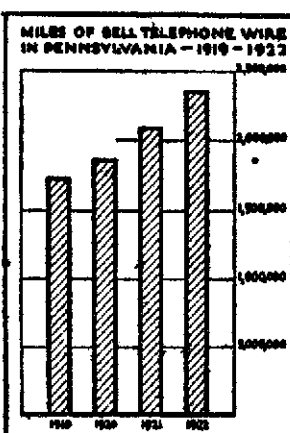

This new wire alone would encircle the
earth at the equator twenty times. It
would reach the length of the state of
Pennsylvania more than 1600 times.

More wire was placed in 1922 than in
any previous year. We will place nearly
twice as much in 1923.

This is one phase of our effort to meet
the demand for telephone service in
Pennsylvania.

THE BELL TELEPHONE COMPANY
OF PENNSYLVANIA

H. M. Peck Local Manager

Curwensville's Own Column

Bethesda Lodge No. 521 I. O. O. F. and Rhoda Lebekah lodge No. 237 I. O. O. F. will celebrate the 104th anniversary of the founding of Odd Fellowship in the United States by attending divine services at the Curwensville Presbyterian church, on Sunday, April 29th at 11:00 o'clock a. m. Rev. L. H. Conly, although not a member of the order, will preach a sermon appropriate to the occasion.

Too bad that the children and adults attending our public schools cannot appropriately celebrate Arbor Day this year. Prof. Grant Norris informed the writer the other day that he had tried by every hook and crook known to political school pull to procure trees of the right kind, but the "tree commission" by what ever name it is known, informed him that there was no tree to be had this year. That evidently puts a damper on that part of the observance of Arbor Day. Now, the much head Progress man will make a suggestion "Why not go into the woods and procure a sufficient number of small, perfectly limbed spruce trees and line them up in a row along the alley, or North street as the fastidious persist in calling it, on the north edge of the school grounds. The trees would not only provide a nice shade in a few years, but also protect the grass from people making short cuts to State street.

At a session of Borough Council held almost a month ago, a resolution was unanimously passed providing for a week of general cleaning up throughout the precincts of the municipal limits. No particular time or date had been chosen but some one suggested at the time be whenever Clearfield started its week of annual purifying and sanitation. Clearfield started its cleaning up week prior to April 30th. Are Curwensville people doing anything along this line this week? Street Commissioner Die has been doing his part and all one man can do, toward putting the streets and alleys in a sanitary condition, but he cannot do it all. Every inhabitant and permanent resident in Curwensville should devote a little time toward cleaning up and removing all ashes, dirt and debris which has been allowed to accumulate around and about premises occupied by them either as lessees or owners. The

health conditions of a town is its greatest asset and a drawing card for people to locate in a town widely known for its cleanliness and healthful condition. Every male inhabitant contribute an hour or two some day this week. The trick would be done and the town receive such a thorough cleaning up as it never experienced before. Let the good work start at once.

The rummage sale conducted in Red Cross rooms, State street, under the direct supervision of the Ladies Aid Society of the M. E. church, is meeting with the success it deserves.

Mrs. Hiram Wilson, Mrs. Daniel Leopold of Clearfield and Mrs. J. B. Hamilton of Franklinville, Huntingdon County, were week end guests in the home of Mr. and Mrs. Frank J. Hamilton, Meadow street. The funeral of one of Curwensville's most estimable and respected citizens, Mr. Alfred A. Long who passed away at his residence on South Filbert street last Saturday, was held this afternoon. Mr. Long had been a life long member of the Lutheran faith.

Mr. O. A. Rorabaugh, whose severe illness was chronicled in this column a few days ago, is, we are pleased to state, slowly convalescing.

A number of Curwensville Odd Fellows are arranging affairs in order to be able to go to Altoona on Friday the 27th to attend the Allegheny Region Anniversary Association Meet. A special train has been arranged for to start from Clearfield and the round trip fare from Curwensville has been fixed at the low of \$3.98.

The memorial day exercises to be held in commemoration of those who have taught in Curwensville public schools and have passed away, is drawing night, and in order that none be missed the following list is published. If there are others not herein mentioned, please communicate with Prof. Grant Norris without delay:

Della V. Bendell, Prof. G. Weaver, Thomas Ross, Jas. F. Ross, Mina Sloss, Mrs. Annie Straw, Rev. W. P. Hile, Miss Lizzie Dale, Mrs. Mollie Crust, Filbert Robinson, Albert Scofield, Miss Debbie Reed, Fred B. Caldwell, Mrs. Harvey Fleming. If any one can inform us of any others we would be most pleased to receive the name and date of death.

Miss O. C. Norris was stricken by sudden illness last Saturday. A physician was immediately summoned and by applying remedies partially relieved her suffering. At this writing she is slowly improving.

The Ladies Aid, of the Presbyterian church gave a surprise party at the home of Mrs. B. H. Conly on Monday evening, the event being in honor of that lady's birthday anniversary.

Miss Vada Welker, of Clearfield, visited with Curwensville friends through the major portion of last week.

A little son was born to Mr. and Mrs. Edwards at Clearfield hospital last Thursday. The Edwards family reside on South Filbert street.

Miss Simmons, companion to Miss Elizabeth Irwin, has gone to Altoona for a few days with friends.

Mr. and Mrs. Twigg, of Osceola Mills, were guests in the home of their uncle, Wm. Twigg, Bloomington avenue, several days this week.

Mrs. Louisa Payne, of Geneva, N. Y., is in Curwensville, arriving for the purpose of attending the funeral of her grandfather.

Chas. Eckert is able to be up and around again after battling through a severe attack of influenza. He

WOMAN SICK TWO YEARS

Caused by Troubles Women Often Have—Relieved by Lydia E. Pinkham's Vegetable Compound

Medina, New York.—"I had a great deal of trouble such as women often have, and this affected my nerves. For over two years I suffered this way, then I read in the Buffalo Times about Lydia E. Pinkham's Vegetable Compound and have taken it with very good results. I am very much better and feel justified in praising the Vegetable Compound to my friends and neighbors who suffer from anything of the kind."—Mrs. Wm. H. Adams, 311 Erin Road, Medina, N. Y.

Feels Like Girl Sixteen. Rochester, N. Y.—"After my twin girls were born I was all run-down. My neighbors thought I was going to die. I saw your advertisement in the paper and bought Lydia E. Pinkham's Vegetable Compound. The first bottle helped me and I kept on taking it. I only weighed ninety pounds when I began taking it, and I have gained in weight and feel like a girl of sixteen. I never can say enough for Lydia E. Pinkham's Vegetable Compound."—Mrs. NELLIE DOREY, 16 Skuse Park, Rochester, N. Y.

CIRCUS AT PHILIPSBURG

Walter L. Mann's Big Three Ring Circus is booked for Philipsburg, for Saturday, May 5th, and will give two performances on the lot at the end of Spruce Street near the power house. There will be a big parade over a mile in length which for lavish expenditure is said to eclipse anything ever before attempted in street pageantry. A notable feature of The Main Circus this season is the engagement of May Wirth, the greatest bareback rider in the world, Phil Premier riding comedian of the universe, and The Wirth Family constituting the greatest riding act in the history of circuses. This big feature is the most expensive ever carried by a circus and is proving a big attraction with The Main Shows. The menagerie has been greatly augmented the past winter by the addition of many new specimens from the tropics and the frozen wastes, and an hour spent in the menagerie of The Main Circus will do the children more good than hours spent poring over the pages of a natural history. The afternoon performance will start promptly at two o'clock and the evening performance at eight o'clock. Doors will be open one hour earlier.

Intelligent Maine Dog.

A Gardiner (Me.) dog was caught in the trestle over the new Maine Central viaduct and could not reach the end ahead of the fast-moving train. Being afraid to jump off because of the distance to the ground, the dog dropped his body over one of the sleepers letting his head and legs hang between the sleepers. The engine and six cars passed along and then doggedly perked up one ear, found the coast was clear and calmly finished his journey home.

Test of Spruce Gum.

The test of a good chew of spruce gum is first in the taste, then in the color. If there is no trace of turpentine in the taste—not more than an agreeable bitterness as the lump is first crushed in the mouth, then it is good gum. If, after a few minutes' chewing, the cud shows a pinkish lavender shade, then it is perfect gum.

The week often shows the work, but it shows other tenants.—Wall Street Journal.

For Creaky Joints

Just rub on the new application called Joint-Ease if you want to know what real joint comfort is. It's for stiff, swollen or pain-tormented joints whether caused by rheumatism or not.

A few seconds' rubbing and it soaks right in through skin and flesh, right down to ligament and bone. It oils up and limbers up the joints, reduces the inflammation and reduces the swelling. Joint-Ease is the one great remedy for all joint troubles and live druggists are dispensing it daily—a tube for 60 cents.

PRESIDENT MAKES FIGHTING SPEECH FOR LEAGUE COURT

"IN HARMONY WITH PLEDGES OF G. O. P.,
WELCOMES TEST OF STRENGTH WITHIN
HIS OWN PARTY ON THE COURT PLAN

Handles Colleagues In
the Senate "Without
Gloves," Boldly Mak-
ing Bid for Showdown.

OPPOSES LEAGUE

New York, April 24.—President Harding today laid before the American people his case for participation by the United States in the International Court of Justice.

Such participation, he affirmed, would be in harmony with Republican pledges and would not be an entangling alliance with the League. The President left no doubt about his attitude toward the League.

"It is not for me," he said, "and this administration has no intention of entering it by the side door, the back door or the cellar door."

Mr. Harding made these statements in a speech at a luncheon of the Associated Press. It was a vigorous reply and challenge to those Republicans who have demanded that the President drop the court plan or face a split in the party. To them he said that if that issue will split the party it is time to find out what the party's strength consists of.

Mr. Harding did not mince words in taking to task those Republicans who, he said, "shuddered excessively" and "assume entanglements" in European affairs "as unavoidable if the United States joins the court."

"Any entanglements," he said, aiming his words directly at those Republican Senators, including Watson of Indiana, who have expressed fear of America's embolism in Europe's politics, "would first require assent of the Senate, and if by any chance the Senate approved of any entanglement, the present administration would not complete the ratification. If in spite of these statements, uttered with full deliberation, there was excessive or unbounded hopes on the one hand or utterly unavoidable apprehension on the other, I know of no words effective to apply."

Having rebuked his mistrustful Republican colleagues, the President then served notice that friends of the League of Nations need not expect his administration to consider membership in that body.

"Excessive friends of the League," he said, "have belauded the situation by their unwarranted assumption that this is a move toward League membership. Let them disabuse their minds."

He then quoted from speeches to the Senate in 1904 and from his own speeches recently to prove that the party, as a party, and he as the President were pledged to put the United States into exactly the sort of world court he now proposes to enter.

PITTSBURGH BOOZE
DEFENDANTS ARE
ADJUDGED GUILTY

Pittsburgh, Pa., April 24.—John Douglas, Jr., clerk of courts and five other men were adjudged guilty of violating a court order regarding illegal disposition of confiscated beer by Federal Judge Thompson today. The men will be sentenced at ten o'clock Thursday morning it was said.

The men accused, by Judge Thompson are Douglas, who is the head of a transfer and storage concern here, Wm. A. Keltor, former Dry Chief here, and Agents Zimmerman, Dorne and Henderson, the latter believed to be a fictitious character, and Attorney Whit.

Miss Helen Phillips entertained at a 500 party last evening at her home on Fourth street.

HARDING SERVES
NOTICE HE WILL
ADHERE STRICTLY
TO COURT PLAN

New York, April 24.—President Harding opened his campaign for American adhesion to the world court of the League of Nations here today by serving notice on members of his own party who have lined up in opposition to the proposal that he is irrevocably committed to it.

Nevertheless he is still on the payroll of the state at a salary of \$8,000 a year, because State Treasurer Snyder has not accepted his resignation.

Kephart handed his resignation to Snyder long ago. Snyder says he does not know when he will act on it. Meanwhile Kephart is on the payroll. The Governor cannot remove him from office because that power rests solely with the appointing officer who in this instance is Snyder. Apparently the Governor's demand means little to the Treasurer.

"The Kephart decision," said the Governor, "is a complete victory for Auditor General Lewis and the investigation he made of the affairs of the former state treasurer. The state wins entirely for Kephart has been declared guilty in every point in the indictments. I trust this means, as it should, his immediate separation from the public service."

Snyder Keeps Mum.

Mr. Snyder this afternoon was asked what he proposed to do in the matter. He replied:

"Kephart gave his resignation to me long ago but, as I don't believe it a wise thing to act hastily in matters of this kind, it is still in my hands."

"What are you going to do about it," Mr. Snyder was asked.

"I am still considering it," he replied.

"Since Kephart virtually admitted guilt and has been sentenced, can he legally hold a public office?" the Treasurer was asked.

"I will not discuss that matter," he said.

In entering his plea of nolle contendere, Mr. Kephart attempted no defense to the nine indictments found against him, charging him with misconduct in office in that he failed to keep true and proper accounts of funds paid into the state treasury during his term of office. He stated, however, that no effort was made for private profit and that no loss was suffered by the state.

Harrisburg, April 24.—The first legislative investigation of the Pinchot administration began today when a committee of three Senators set out to find out who has been responsible for the unofficial amendment of the Governors reorganization code last week.

The Senate passed unanimously Senator Craig's resolution made last night, providing for a thorough probe of the affair. The Senators appointed to the committee, Craig, Schantz and Somes, are known to be determined to push the investigation vigorously.

According to Craig, sponsor of the resolution, the insertion of the 16th amendment in the code without authorization of the Senate was "an usurpation of legislative authority and an insult to the Senate." The administration's view of the amendment was not officially explained. Governor Pinchot said recently that the changes were unimportant and it was carefully inserted for the purpose of correcting obvious errors.

MRS. PHILLIPS MADE
ESCAPE DISGUISED
AS MESSENGER BOY

Los Angeles, Cal., April 24.—Clara Phillips, in her sensational escape from the Los Angeles county jail, walked out of the front gate, disguised as a messenger boy. The bars in her cell were afterwards cut as a blind. At the jail door she was taken under the wing of a man named Jesse Carson, who had been paid \$2,000 to chaperon her on her flight.

The above allegations are being investigated by the district attorney's office today in connection with inquiries into the escape of the hammer murderer—now given added interest by her reported capture in Tegucigalpa, Honduras.

PINCHOT CALLS ON
SNYDER TO REMOVE
KEPHART FROM JOB

Harrisburg, April 23.—Governor Pinchot tonight publicly called for the removal of Harmon M. Kephart from office as deputy state treasurer.

Kephart this morning virtually admitted guilt on the indictments returned against him and paid a fine of \$44,425 imposed by the Dauphin county court. He entered a plea of nolle contendere.

Nevertheless he is still on the payroll of the state at a salary of \$8,000 a year, because State Treasurer Snyder has not accepted his resignation.

Kephart handed his resignation to Snyder long ago. Snyder says he does not know when he will act on it. Meanwhile Kephart is on the payroll. The Governor cannot remove him from office because that power rests solely with the appointing officer who in this instance is Snyder. Apparently the Governor's demand means little to the Treasurer.

"The Kephart decision," said the Governor, "is a complete victory for Auditor General Lewis and the investigation he made of the affairs of the former state treasurer. The state wins entirely for Kephart has been declared guilty in every point in the indictments. I trust this means, as it should, his immediate separation from the public service."

Snyder Keeps Mum.

Mr. Snyder this afternoon was asked what he proposed to do in the matter. He replied:

"Kephart gave his resignation to me long ago but, as I don't believe it a wise thing to act hastily in matters of this kind, it is still in my hands."

"What are you going to do about it," Mr. Snyder was asked.

"I am still considering it," he replied.

"Since Kephart virtually admitted guilt and has been sentenced, can he legally hold a public office?" the Treasurer was asked.

"I will not discuss that matter," he said.

In entering his plea of nolle contendere, Mr. Kephart attempted no defense to the nine indictments found against him, charging him with misconduct in office in that he failed to keep true and proper accounts of funds paid into the state treasury during his term of office. He stated, however, that no effort was made for private profit and that no loss was suffered by the state.

HOUSE PASSES OLD
AGE PENSION BILL
BY VOTE OF 131 TO 29

Harrisburg, Pa., April 24.—The House passed by a vote of 131 to 29 the Old Age Pension bill, the first measure of its kind ever to pass the Pennsylvania General Assembly.

In its present form the bill carries an appropriation of \$25,000 to make a survey. Opponents of the bill declare it would lead to an annual expenditure of \$35,000,000.

(Continued On Page Two.)

CITY BANK OF YORK CLOSED AFTER
EVIDENCE SHOWS EMBEZZLEMENT OF
FUNDS SAID TO BE NEAR A MILLION

Harrisburg, Pa., April 24.—Evidence of the embezzlement of funds of the City Bank of York, probably totalling as much as one million dollars today resulted in the closing of that bank by the State Banking Commission. The arrest of the cashier T. B. Baird has been ordered and a warrant will be issued for the Assistant Cashier, according to State Banking Commissioner Cameron.

York, Pa., April 24.—Warrants were issued for the arrest of the cashier and assistant cashier of the City Bank of York here today, following disclosure of a shortage in the bank's funds totalling more than \$800,000.

Excited crowds of depositors gathered about the bank but no outbreak was anticipated. Detective Charles White, armed with warrants, was searching for Cashier Baird and Assistant Cashier Boll. The two men were not believed to have escaped since they were seen entering a lawyer's office this morning.

AUTO OWNERS WILL
PAY EDUCATIONAL
DEFICIT OF STATE

Harrisburg, April 23.—A definite tax program has been agreed upon by leaders of the House and Senate. It calls for an increase of 50 per cent in motor license fees and the levy of an additional one cent a gallon gasoline.

The leaders are confident new income from such sources will be sufficient to meet the educational needs of the State and, in fact, they may be able to drop the proposed gasoline tax increase.

This latter will be possible should expectations of the Auditor General materialize. Mr. Lewis is now understood to be of the opinion he can find from \$3,000,000 to \$5,000,000 revenue from present taxables in excess of the estimates made by him for the Governor when the budget was prepared.

Should it be found necessary to increase the gasoline tax one cent, it is planned that one-half of the total amount realized from that levy would be turned back to the counties of the State for use in improving State highways which run through county lines.

A 50 per cent increase of motor license fees would produce approximately \$15,000,000 and the half cent gasoline tax would bring to the State \$2,750,000 or a total of \$17,750,000 which, with the additional anticipated revenue would return more than the \$20,000,000 estimated as needed for the State's educational liabilities. The taxes thus imposed would be emergency levies, repealable automatically two years hence. The \$15,000,000 derived from the increased motor fees would go directly into the general fund, not into the highway funds, as present revenues from that source do.

COMMERCIAL CLUB
DISCUSSED MANY
TOPICS LAST EVE.

The Clearfield Commercial Club held its regular bi-monthly meeting at the Hotel Jordan last evening. It was one of those meetings that provided something interesting every minute from the first tip of President Franz's gavel.

The club was entertained (?) by a quartette selected from the membership whose rendition of "Silver Threads Among the Gold" brought forth round of round of the most vociferous applause.

The Civic Affairs Committee made a report on the present traffic ordinances as they exist on the Borough books and the report and ordinance brought forth some spirited discussion. Copies of the ordinance had been printed and were distributed so that discussion of the rules might be had. No action was taken.

M. M. Overly made a stirring plea for the local Y. M. C. A., stating that the present financial condition of the

(Continued On Page Two.)

Fire Breaks Out In Madison Square
Garden, Where The Ringling Bros.
Circus Is Showing; Panic Is Averted

NEW YORK, April 24.—Fire broke out today in Madison Square Garden, where the Ringling Brothers-Barnum & Bailey Circus is being held.

Hundreds of wild animals, excited by smoke and the activity of keepers who sprang to their posts when the alarm was given, stirred uneasily in their cages, many roaring with fear. There was no general panic, however.

The flames were confined to the stock room, where several thousand dollars worth of pop corn, peanuts, ice cream and soft drinks were destroyed.

GRAMPIAN MAN IS
"DECOY" USED IN
"BURG" DRY RAID

Philipsburg, April 24.—William Austin's place on Spruce street was raided Saturday night, the officers getting most everything except Bill. He slipped through the net, and at noon today was still at large, a fugitive of the law.

Albert Austin, wife of William Austin, as a result of Saturday night's raid, was taken into custody this morning, and at a hearing before Squire Thomas Byron, was placed under \$1,000 bail for her appearance at court. She was charged with selling intoxicating liquor.

Part of the liquor purchased at the Austin home and which resulted in the raid, is now in possession of Squire Byron and will be used as evidence against Mrs. Austin and her husband—if he is rounded up.

Those who made purchases of liquor at the Austin home were J. S. McKillin and a man named Moore both residents of Grampian. McKillin is soon to accept a position as night policeman here. He informed Daniel Brink, chief of police here, that he would make an effort to obtain evidence against the colored man believed to be furnishing liquor hereabouts. He was given a free hand.

With the man named Moore, who seems to have been a trusted patron, McKillin visited the Austin home three times during Saturday afternoon and evening. According to their evidence they purchased liquor on each visit, buying it from Bill and Mrs. Austin, who were not aware that the stranger with Moore was after evidence. They got half a dozen or more drinks during the three visits, paying 35c a drink. They also got half a pint in a bottle, for which they paid \$1.50. The liquor in the bottle is the quantity held as evidence.

On the evidence of McKillin the arrest of Austin was authorized. He was found at his home late Saturday night, and though B. F. Carmack, who has been serving as night policeman temporarily, and Elmer Parsons, special officer, had their hands on the man he managed to escape in the scuffle and darkness.

Parsons, it seems, had hold of Austin, and in the mixup got a blow over the head from the policeman's club in the hands of Officer Carmack and which had been aimed at Austin's head. It was then that Austin slipped away. It is said there were a number of men in the house at the time the raid was made.

The fugitive is hardly likely to get far away. He is believed to be hiding in town. Officers have been directed to arrest him on sight.

Mr. and Mrs. G. E. Bottoff, son of Clair and Mrs. Lydia Heberly, motorist over from Tyrone and spent Sunday with James Carns and family.

Harrisburg, April 24.—Final adjournment of the Legislature is set for May 24, a month from today, in a resolution passed in the Senate today. Senator Homsher of Lancaster introduced the resolution, which requires the concurrence of the House.

ALLEGED ROBBER
OF DENTAL OFFICE
CAUGHT AT DUBOIS

DuBois, April 24.—Local officers yesterday placed under arrest a man giving his name as Paul Rigor, alias Frank Palmer. The man is wanted on a charge of theft from a dental office in Reynoldsville. The man had previously offered for sale to Aaron Blenkenfeld, the jeweler, some crowns and mountings.

The man was caught at the local postoffice, after he had made a dash for liberty from a side door, only to run into the arms of another officer on the outside. The arrest was made by Chief Peace and Special Officer, Hugh and Francis Jeffreys.

When the man offered the gold to Mr. Blenkenfeld, the jeweler took the gold for examination and then notified the officers, who immediately got on the trail of the man wanted.

Rigor was found well healed on the proper apparatus for taking a "shot" is concerned. He had syringes, needles and a plentiful supply of morphine. He maintains his innocence, claiming the gold was given to him to be sold.

It was thought that the men had robbed Dr. King of Reynoldsville, as the man was in his office, but it was found that nothing was missing from this office. However, the man did have a shaving brush and a hypodermic needle with two bottles of "Joc" which were positively identified by Dr. Smathers as having been taken from his office. There is sufficient evidence to hold him, when he is before Mayor Haag, until further investigation can be made regarding the dental supplies he had.

Rigor is a man about 30 years of age, 6 feet, weight 188, medium tall complexion, with all the appearance of a dope fiend. His home is a Josophine, Pa.

Thomas Reay Severely
Injured In Accident;
Auto Wrecked At Curve

DuBois, April 24.—Thomas Reay of Sandy township, was severely injured and other members of his family had a remarkable escape from injury when a Ford automobile in which they were riding, struck a bank near "dead man's curve" on the Sabula road and turned over.

Mr. Reay's most serious injury is a deep cut upon the arm, which, it is feared, will impair the use of his hand. Mr. Reay was driving towards this city when he rounded the curve and met another car. In turning out for it, he swerved into the embankment, his machine turning over. Mr. Reay went through the windshield receiving cuts and bruises in that way, the most severe being that upon his arm. Other members of the party in the car were scattered over the roadside, while the machine was wrecked almost beyond repair.

Other motorists hurried to the scene and gathered up the injured and stunned persons and hurried them to the hospital where it was found that Mr. Reay was the only one in need of attention. His condition today is reported to be satisfactory.

COUNTY EIGHTH
GRADE EXAMS. ARE
CALLED FOR MAY

The county Eighth Grade examinations will be held at the following places, for the districts over which there is no supervising principal, on the dates named. The pupils who expect to attend high school outside of their own district and want their district to be responsible for their tuition are required, by law, to take this examination.

For Bell and Chest townships and New Washington and Newburg boroughs, at Mahaffey, May 5.

For Burnside township, at Burnside May 5.

For Karthaus and Covington townships, at Karthaus, May 7.

For Girard township, at Bald Hill, May 7.

For Glen Hope borough, at Glen Hope, May 7.

For Gulick township, at Janesville, May 8.

For Jordan township, at Ansonville, May 8.

For Chester Hill borough, Decatur and Boggs townships, at Chester H. H., May 9.

For Westover borough, at Westover, May 10.

For Graham township, at Black Oak, May 10.

For Troutville borough, at Troutville, May 10.

For Union township, at Rockton, May 11.

For Greenwood township and Lumber City borough, at Lumber City, May 11.

For Grampian borough, Bloom, Penn Pike, Bradford, Lawrence, Knox, Ferguson, and Goshen townships at Clearfield, May 12.

Instructions.

1. The examinations will begin at 8:30 and all pupils should endeavor to be present at that time, unless delayed on account of trains.

2. Each applicant should provide for himself a good grade of paper, about 8 1/2 by 11 inches, heading each sheet with the name of the branch, pupil's name, teacher's name and the name of the school district.

3. Do not write the questions, number only and write legibly, on one side of the paper, leaving a space between each answer. Much depends upon the appearance of the papers.

4. Each applicant must have his questionnaire filled out by his teacher and sent to the superintendent's office on or before the day of the examination.

5. No applicant will be granted a diploma, who has not attained the age of 15 years, unless, after passing the examination, he shall enter and do successful work in an accredited high school.

6. No pupil who has not made proper preparation should be recommended for the examination.

7. Pupils should be instructed to avoid all appearances of cheating and unfairness, and applicants should not occupy adjacent desks or tables, if otherwise possible.

8. In order to pass the examination, applicants shall make a final average of 75% and have completed the County Reading Course.

9. Eighth grade diplomas will not be mailed individually, unless the pupil sends postage but pupils may obtain their diplomas by calling at the county superintendent's office, in the Mossey Building, at Clearfield.

W. P. TROSTLE,
County Superintendent of Schools

The Date For Clearfield's Clean-up Week Is Set For The Week Of April 30th. Let "Us" Do It Right.

ODDS AND ENDS AND THINGS

By J. D. C.

A New Jersey supreme court judge has decided that a man can have his wife up no less than three times in nine years and not be guilty of cruelty enough to warrant a divorce.

Clearfield has changed hands from the past year than in all other boroughs in the county put together, also including the city of Clearfield. Nothing denotes the real town like the activity in real estate.

After a survey of 8,094 representative farm ventures, the Department of Agriculture announces that in 1922 the cash yield of an average farm, capitalized at \$16,400, was \$715. In addition, \$232 was gained on the average in machinery and live stock and \$235 was obtained from the land in fuel and food. Altogether \$1,211 stood for the return on \$16,400 plus the labor of farmer and family.

But not all the agriculturists of the country were so fortunate as this average. Of those canvassed 14.6 per cent failed to make expenses; 50.8 per cent made less than \$2,000; 6.8 per cent less than \$3,000; and only 5.6 per cent got over \$3,000 for the investment of capital and labor.

In these figures one finds without difficulty the whole cause of the migration from country to city which creates so much agitation among economists. Nowhere else in the United States does capital produce so little or labor bring so small a reward as on the farm. A man who has \$16,400 tied up in acreage would be financially better off to sell, put the money in Liberty bonds and go to work for Henry Ford. The bonds would bring almost as much income as the farm, with no labor involved, and he could not earn much less than \$1,500 a year in a Ford plant.

The move from country to city is evidence that the farmers are aware of these facts and are reacting to them in normal fashion. In some sections they are forming co-operative associations, in others they are selling their goods at auction and shaking the dust of agriculture from their boots forever. This last is not a good thing for the country, but the country has left many farmers no choice.

By mounting a battery of sixteen-inch naval guns 1,000 feet above sea level, the United States will have the most powerful fortress in the world at Hawaii, Secretary of War Weeks announces.

Four of the great rifles are already at Fort Snedden, Hawaii, near which are the points selected for the mountings. The Hawaiian battery will be unique in the history of defense and offense, even the armament at Gibraltar being inferior to it.

At an elevation of 1,000 feet the visibility is 41.7 miles, instead of

from 12 to 15 from the deck of a capital ship. By elevating the guns to an angle of 30 to 45 degrees at such a height their range would be proportionately increased, thus being able to drop shells on an approaching enemy long before it could get within range of the island.

COMPROMISE MAY BE MADE IN CHANGES OF COMPENSATION LAW

Harrisburg, Pa., April 24. (United Press.)—A compromise on the workmen's compensation legislation pending before the legislature may be effected, it was believed here today.

The compensation code, defended last week before the Senate judiciary general sub-committee by labor representatives, has little chance of coming to a vote on the floor of the Senate, according to members of the committee, but many of the same members were said to favor some of the provisions of the code.

A number of amendments are being drafted, it is understood, as a substitute for the code in the event it fails. These amendments would take care of the separate provisions changing the scope of the present compensation act to include occupational diseases, reduction of the waiting period, increase in the disability schedule, and the compensation period beyond the 800 weeks at present allowed.

When Senator MacDade, Delaware, suggested to Roger Devor, attorney for the United Mine Workers, at the hearing that he prepare amendments as a substitute for the bill the latter replied that he was arguing for the code but when the time came, if it should, he would "meet them on that score."

MacDade pointed out that many of the subjects sought in the code could be obtained by amending the present act thus meeting the objections of employers that the code "is a complete upheaval of the compensation system."

Devor, speaking for the unions, said the principal object of the compensation code was to rectify many inadequacies found by the supreme court in order to bring about smoother administration by the authorities charged with enforcement.

URGES THAT STATE PUBLISH HANDBOOK KNOWN AS SMULLS

Harrisburg, Pa., April 24. (United Press.)—Purchase of the copyright on Smull's Legislative Handbook, "the most used and useful of all state publications," is advocated in a bill now before the House, introduced by Rep. Gelder, Susquehanna.

Smull's Handbook has been the property so far as copyright is concerned, of three families since it was published for the first time in 1866 by John A. Smull, then resident clerk of the House of Representatives.

After the death of John Smull, in 1880 it passed to his brother William Smull, who published the book until 1887 when it was sold to Thomas B. Cochran, of Lancaster. Cochran and his estate held on to the rights of this important state publication.

Herman P. Miller, now librarian of the Senate, took over the copyright and proceeded to publish the book thereafter. The note in the first volume under his supervision is enlightening. It reads: "To continue and if possible to add to the standard of the work as an authority will be the aim of the new compiler and his assistant Mr. W. Harry Baker."

The appropriation with which to make the purchase is fixed in the Gelder bill at \$18,000. The Senate Librarian points out in connection

with the desire to transfer the work to the commonwealth exclusively that "it ought to be given in charge of someone who would do nothing else as it necessitates a great deal of time and attention in gathering and compiling the data that is filling the recent issues of this publication."

The last issue of Smull's combined the 1921 and 1922 editions. The normal distribution is 35,000, but of this issue 50,000 were sent out, 15,000 going to the public schools in conformity with the law that the edition containing census figures must be so distributed.

The compilation of Smull's Legislative Handbook is a separate contract with the state at the present time. For publishing this sourcebook of information \$1,500 is paid compared with \$500 paid in 1837. Under the Department of Printing and Binding where the work would naturally fall, greater attention could be paid to the contents with a force of experts and editors to arrange the material.

It was the intention at the beginning to publish Smull's annually and this continued until 1880 when John Smull died and the legislature started on a biennial session. Until 1890 the book was published every two years and after this it was published annually.

The title page of the first edition of Smull's in 1866 states it is a "manual of rules of the general assembly of Pennsylvania and a legislative directory with the constitution of the United States and of Pennsylvania."

The first copyright was obtained in 1869. Why it should have been copyrighted by a private individual no one knows but the fact remains it has been private property until this time

and it will be up to legislature to decide whether or not it will pass on to another individual or be claimed by the state.

JOHN P. CAMERON DIES SUDDENLY

John P. Cameron, familiarly known as "Jack," died suddenly at his home in Pittsburgh, Pa., about eight o'clock Sunday morning, April 22, 1923, after an illness of only a few days with pneumonia. His many friends throughout this district will be shocked to learn of his untimely death.

Mr. Cameron was born at Houtzdale, Pa., and was a son of Peter Cameron, who located at Houtzdale a great many years ago and opened up the coal land in that territory for the Berwind-White Coal Mining Company.

During the late war and during the life of the U. S. Fuel Administration, Mr. Cameron was fuel distributor and his offices in this period were located at Altoona. In this official capacity, Mr. Cameron became known as a man of high executive ability and he gained many friends by his straightforward business methods. At the time of his death he was associated in business with Mr. Crawford, of Pittsburgh, under the firm name of Crawford & Cameron.

Mr. Cameron, whose wife preceded him in death about a year and a half ago, is survived by one son, four sisters and three brothers. One brother, W. R. Cameron, is located at Philadelphia and is general superintendent of the Berwind-White Coal Mining Company.

The funeral services were held in Pittsburgh today.

Commercial Club

(Continued From Page One.)

institution was not as it should be. Following Mr. Overly's plan the Club voted unanimously to take it upon themselves to see that the present deficit of the "Y" was cleared up and that some provision would be made for the continuance of the institution.

The Club members then repaired to the Globe Theatre where they were entertained for an hour by moving pictures showing the production of asbestos from the raw state to the finished product. The pictures were furnished thru the courtesy of the Johns-Manville Company of Pittsburgh and were interesting from start to finish.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force their way to unnatural action.

If you have a "dull brown mouth," bad breath—a dull, tired feeling—headache—torpid liver—constipation—you'll find quick, sure and pleasant relief from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take the new natural way to keep right.

EVERYTHING FOR OUTDOOR SPORTS

We have everything for every outdoor sport that you could imagine. We have clubs and balls for the golfer, we have everything for the baseball fan, everything for the tennis fans and there isn't a sport but what we have the equipment for.

We feature the famous D. & M. line of sporting goods and the folks who have used them tell us that they are the best they have ever used.

DRINK OUR FRESH BUTTERMILK

The more of our fresh Buttermilk that you drink, the better you are going to feel, inasmuch as the chemical action of the Buttermilk in your system overcomes a lot of things that you would ordinarily have to take medicine for.

Our buttermilk is better simply because we have a fresher, riper cream than the other folks who allow their cream to ripen by the old fashioned process of "letting it set."

You may get our fresh Buttermilk from the wagonmen every morning.

Clearfield Dairy Co.

GIFTS OF QUALITY

When the person to whom you give some remembrance, whether it may be for an anniversary or some other event, opens the box and sees the imprint, "O'BRIEN," they know that the gift has come from the house of quality.

We have almost anything that you might want for such an occasion and you'll find that the price is much lower than you expected to find it.

W. W. O'BRIEN

JUST A FEW MORE OYSTER DAYS AHEAD

The oyster season draws to a close and if you wish to have a last session with the delicious bi-valves, you better get "fed up" on them before the end of the week.

Shad Coming Every Day

Every day we are getting plenty of those fine Shad that are so popular just now. We have plenty of jacks, roes and hicks and they are sized right for your family.

Thorn Bros.

YOU MAY NEED A DOCTOR

If you need a doctor and do not know where to get one, call us. We will send one to you, and if you need your own doctor and he gives you a prescription, bring or send it to us to fill. If you need a nurse, ask your doctor or ask us. Come to us for every service applicable to a drug store. We are capable of helping you in all emergencies, and always come to us for the medicines you require because here you can get the best there are put up in the best way.

Three things are responsible for every woman's reputation as an expert coffee maker—the accuracy with which she measures, the care with which she brews, and the blend of coffee she uses. But the blend is ninety per cent of the reason. It's the blend you'll enjoy in Golden Sun.

For Little Ones.

Books for children require an amount of work and knowledge altogether disproportionate to the money which the authors are going to make out of them. Is that why our best authors do not write them?—L. C. Hughes

Now is the time to fight constipation with Bran—Start to-day!

Don't give the disease that follows in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN. Kellogg's Bran, cooked and krumbled—because it is ALL BRAN and because it will give you permanent relief from constipation! It is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Bran's action is wonderful. It sweeps and cleanses and purifies. It knocks out the dangerous toxic poisons and frees the system from pollution. Try Kellogg's Bran for a week. Eat it regularly—two tablespoons each day, as much each meal in chronic cases. You will be astounded at the difference in your feelings! Kellogg's Bran should not be con-

sumed with common bran which is unpalatable and difficult to eat. Kellogg's Bran is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal or cook or mix it with hot cereal. In the latter cases add two tablespoonsful for each person.

Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics?

Kellogg's Bran is particularly delightful made in raisin bread, in muffins, popovers, muffins, etc. Recipes are printed on each package. You will say that Kellogg's Bran is a blessing to humanity. All grocers sell Kellogg's Bran!

And Now — SEDAN TIRES for closed and open cars

Closed cars are harder on your tires than open cars. They are differently weighted and throw a different strain on the tires. Brunswick Sedan Tires are the first to meet this new strain. They are perfectly balanced to protect against the strain of top-weighted closed cars. As they are made to give greater mileage on closed cars they naturally give much greater mileage on open cars. And Brunswick Sedan Tires are Friction-Proofed by Brunswick's exclusive process, to combat "road-burn." Come in and let us explain why Brunswick's deliver more mileage.

whole summer is none too long for a trial. Mr. Mayor, get an early start.

Thus give the ordinance a fair trial by a strict and inflexible enforcement before "trying" something else, for trying that anything else will amount to.

That Clearfield can do, and ought to do, is quit using the street for the parking of cars for a whole half day at

five years ago this city talked traffic ordinance until every one was tired of it. After the ordinance of that time was passed, we still continued to talk, and while we did not get to death, we certainly made it groggy. After it went to council, by common consent, agreed that only a few cars should be enforced and, as a result, our streets became the public parking grounds of the city. Every fellow who had or had business in the central part of the city brought his car along to work or business and left it in front of some store or business place until evening. After the evening came he rode three or four squares back to town and again parked his car on the main street until time to go home. Consequently the out-of-town man coming to town had to stop for four blocks away and walk to the store or business place he wanted to go to. Clearfield's busiest business streets were looked like a public parking station in a city and the merchant and the visitor to town was inconvenienced greatly thereby.

At the last meeting of council it was decided to put the ordinance into effect, but so far it has not been done. Only a few are paying any attention to the various provisions. Twenty per cent of the cars parked for the allowable fifteen minutes are headed the wrong direction, some are parked at an angle, some laterally and some in a manner indescribable.

But the ordinance is there and it is causing many people great concern. This is to be expected. No traffic law can be enforced without inconveniencing somebody, but we believe that those who may be slightly inconvenienced should consider the rights of all, particularly those who have business doing them to Clearfield. Under the old conditions, shoppers coming from out of town were indeed lucky if they could find parking space near the busy center. Most of them had to park three or four squares away and carry their purchases back to the car. Today, there are enough people obeying the spirit of the law that a visitor can stop the allotted time before most any business house in town and transact his business.

We believe the present ordinance will be effective and enforceable if enforced. We should not criticize a measure that has had no real trial. We recognize that it will not be easily enforced. It would take an army of traffic officers to keep tabs on the man who will park for more than fifteen minutes, but this kind of enforcement is not necessary. The police already know who the fellows are who are using the streets for a public parking place. Just as there is reason and common sense to be applied in any case, so it can be applied in the matter of parking. Should a shopper be a few minutes overtime in coming out of a store we can well overlook that and should, for Clearfield, as a municipality, can not afford to be inhospitable to strangers.

HAVE YOU VISITED OUR OFFICES IN NORTH SECOND STREET?

You've seen the improvements being made in our banking rooms in North Second Street. Our new quarters are now ready for your approval. Doubled space enables us to provide you with more adequate and more pleasing banking facilities.

The fittings and decorations now adequately reflect the friendly, personal spirit of the bank. We believe our old friends will like "their" bank better than ever and that many new friends will be made through the even better service we can give in our enlarged establishment.

It would be a pleasure to us to see you today.

CLEARFIELD TRUST CO.

Prothonotary
My Commission expires Jan. 1 '24.
Form 3526—Ed 1922.

Translated into English.
All books of the Old Testament comprise, 14 in number, have been translated into English, and are included as apocryphal books in some editions of the Bible. They were first printed under a distinctive title between the Old and the New Testaments, and in that form can still be found in many old family Bibles. They are always included in the so called Septuagint, a version of the Bible used by the Greek church.

For Mending.
Put a roll of gummed paper tape on the emergency shelf. It will make itself useful in dozens of ways, for mending torn box corners, paper dolls, book ends and leaves, sealing packages, holding the lids on tin boxes, etc.

Proposal Without Words.
If a young man in Holland is in love, and wishes to propose to a young lady, the custom still prevails in several provinces of the world to be bridegroom buying a small, sweet cake and, wrapping it up in soft paper when he proceeds to the house of his intended. Upon his arrival he is ushered into the midst of the family circle. Without a word he walks up to the young woman he wishes to make his wife, and he lays the cake on the table before her. If she accepts his offer, she takes up the cake and eats it.

HALF A MILLION MILES OF NEW WIRE WILL BE ADDED TO THE BELL TELEPHONE SYSTEM IN PENNSYLVANIA THIS YEAR

THAT'S an increase of twenty per cent. in the total Bell wire mileage in the state.

This new wire alone would encircle the earth at the equator twenty times. It would reach the length of the state of Pennsylvania more than 1600 times.

More wire was placed in 1922 than in any previous year. We will place nearly twice as much in 1923.

This is one phase of our effort to meet the demand for telephone service in Pennsylvania.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

H. M. Peck Local Manager

Curwensville's Own Column

Bethesda Lodge No. 521 I. O. O. F. and Rhoda Lebekah lodge No. 237 I. O. O. F. will celebrate the 104th anniversary of the founding of Odd Fellowship in the United States by attending divine services at the Curwensville Presbyterian church, on Sunday, April 29th at 11:00 o'clock a. m. Rev. L. H. Conly, although not a member of the order, will preach a sermon appropriate to the occasion.

Too bad that the children and adults attending our public schools cannot appropriately celebrate Arbor Day this year. Prof. Grant Norris informed the writer the other day that he had tried by every hook and crook known to political school pull to procure trees of the right kind, but the "tree commission" by what ever name it is known, informed him that there was no tree to be had this year. That evidently puts a damper on that part of the observance of Arbor Day. Now, the much head Progress man will make a suggestion "Why not go into the woods and procure a sufficient number of small, perfectly limbed spruce trees and line them up in a row along the alley, or North street as the fastidious persist in calling it, on the north edge of the school grounds. The trees would not only provide a nice shade in a few years, but also protect the grass from people making short cuts to State street.

At a session of Borough Council held almost a month ago, a resolution was unanimously passed providing for a week of general cleaning up throughout the precincts of the municipal limits. No particular time or date had been chosen but some one suggested at the time be whenever Clearfield started its week of annual purifying and sanitation. Clearfield started its cleaning up week prior to April 30th. Are Curwensville people doing anything along this line this week? Street Commissioner Die has been doing his part and all one man can do, toward putting the streets and alleys in a sanitary condition, but he cannot do it all. Every inhabitant and permanent resident in Curwensville should devote a little time toward cleaning up and removing all ashes, dirt and debris which has been allowed to accumulate around and about premises occupied by them either as lessees or owners. The

health conditions of a town is its greatest asset and a drawing card for people to locate in a town widely known for its cleanliness and healthful condition. Every male inhabitant contribute an hour or two some day this week. The truck would be done and the town receive such a thorough cleaning up as it never experienced before. Let the good work start at once.

The rummage sale conducted in Red Cross rooms, State street, under the direct supervision of the Ladies Aid Society of the M. E. church, is meeting with the success it deserves.

Mrs. Hiram Wilson, Mrs. Daniel Leopold of Clearfield and Mrs. J. B. Hamilton of Franklinville, Huntingdon County, were week end guests in the home of Mr. and Mrs. Frank J. Hamilton, Meadow street. The funeral of one of Curwensville's most estimable and respected citizens, Mr. Alfred A. Long who passed away at his residence on South Filbert street last Saturday, was held this afternoon. Mr. Long had been a life long member of the Lutheran faith.

Mr. O. A. Rorabaugh, whose severe illness was chronicled in this column a few days ago, is, we are pleased to state, slowly convalescing.

A number of Curwensville Odd Fellows are arranging affairs in order to be able to go to Altoona on Friday the 27th to attend the Allegheny Region Anniversary Association Meet. A special train has been arranged for to start from Clearfield and the round trip fare from Curwensville has been fixed at the low of \$3.98.

The memorial day exercises to be held in commemoration of those who have taught in Curwensville public schools and have passed away, is drawing night, and in order that none be missed the following list is published. If there are others not herein mentioned, please communicate with Prof. Grant Norris without delay:

Della V. Bendell, Prof. G. Weaver, Thomas Ross, Jas. F. Ross, Mina Sloss, Mrs. Annie Straw, Rev. W. P. Hile, Miss Lizzie Dale, Mrs. Mollie Crust, Filbert Robinson, Albert Scofield, Miss Debbie Reed, Fred B. Caldwell, Mrs. Harvey Fleming. If any one can inform us of any others we would be most pleased to receive the name and date of death.

Miss O. C. Norris was stricken by sudden illness last Saturday. A physician was immediately summoned and by applying remedies partially relieved her suffering. At this writing she is slowly improving.

The Ladies Aid, of the Presbyterian church gave a surprise party at the home of Mrs. B. H. Conly on Monday evening, the event being in honor of that lady's birthday anniversary.

Miss Vada Welker, of Clearfield, visited with Curwensville friends through the major portion of last week.

A little son was born to Mr. and Mrs. Edwards at Clearfield hospital last Thursday. The Edwards family reside on South Filbert street.

Miss Simmons, companion to Miss Elizabeth Irwin, has gone to Altoona for a few days with friends.

Mr. and Mrs. Twigg, of Osceola Mills, were guests in the home of their uncle, Wm. Twigg, Bloomington avenue, several days this week.

Mrs. Louisa Payne, of Geneva, N. Y., is in Curwensville, arriving for the purpose of attending the funeral of her grandfather.

Chas. Eckert is able to be up and around again after battling through a severe attack of influenza. He

WOMAN SICK TWO YEARS

Caused by Troubles Women Often Have—Relieved by Lydia E. Pinkham's Vegetable Compound

Medina, New York.—"I had a great deal of trouble such as women often have, and this affected my nerves. For over two years I suffered this way, then I read in the Buffalo Times about Lydia E. Pinkham's Vegetable Compound and have taken it with very good results. I am very much better and feel justified in praising the Vegetable Compound to my friends and neighbors who suffer from anything of the kind."—Mrs. Wm. H. Adams, 311 Erin Road, Medina, N. Y.

Feels Like Girl Sixteen
Rochester, N. Y.—"After my twin girls were born I was all run-down. My neighbors thought I was going to die. I saw your advertisement in the paper and bought Lydia E. Pinkham's Vegetable Compound. The first bottle helped me and I kept on taking it. I only weighed ninety pounds when I began taking it, and I have gained in weight and feel like a girl of sixteen. I never can say enough for Lydia E. Pinkham's Vegetable Compound."—Mrs. NELLIE DOREY, 16 Skuse Park, Rochester, N. Y.

CIRCUS AT PHILIPSBURG

Walter L. Mann's Big Three Ring Circus is booked for Philipsburg, for Saturday, May 5th, and will give two performances on the lot at the end of Spruce Street near the power house. There will be a big parade over a mile in length which for lavish expenditure is said to eclipse anything ever before attempted in street pageantry. A notable feature of The Main Circus this season is the engagement of May Wirth, the greatest bareback rider in the world, Phil Premier riding comedian of the universe, and The Wirth Family constituting the greatest riding act in the history of circuses. This big feature is the most expensive ever carried by a circus and is proving a big attraction with The Main Shows. The menagerie has been greatly augmented the past winter by the addition of many new specimens from the tropics and the frozen wastes, and an hour spent in the menagerie of The Main Circus will do the children more good than hours spent poring over the pages of a natural history. The afternoon performance will start promptly at two o'clock and the evening performance at eight o'clock. Doors will be open one hour earlier.

Intelligent Maine Dog.

A Gardiner (Me.) dog was caught on the trestle over the new Maine Central viaduct and could not reach the end ahead of the fast-moving train. Being afraid to jump off because of the distance to the ground, the dog dropped his body over one of the sleepers letting his head and legs hang between the sleepers. The engine and six cars passed along and then doggedly perked up one ear, found the coast was clear and calmly finished his journey home.

Test of Spruce Gum.

The test of a good chew of spruce gum is first in the taste, then in the color. If there is no trace of turpentine in the taste—not more than an agreeable bitterness as the lump is first crushed in the mouth, then it is good gum. If, after a few minutes' chewing, the cud shows a pinkish lavender shade, then it is perfect gum.

The week often shows the work, but it shows other tenants.—Wall Street Journal.

For Creaky Joints

Just rub on the new application called Joint-Ease if you want to know what real joint comfort is. It's for stiff, swollen or pain-tormented joints whether caused by rheumatism or not.

A few seconds' rubbing and it soaks right in through skin and flesh, right down to ligament and bone. It oils up and limbers up the joints, subdues the inflammation and reduces the swelling. Joint-Ease is the one great remedy for all joint troubles and live druggists are dispensing it daily—a tube for 60 cents.

JORDAN'S

STEWART'S
DRUG STORE
LEAHGHELD, PA.

Too much rich food forms acids which excite and overwork the kidneys, their efforts to filter it from the system. The kidneys, however, occasionally believe them like you relieve the bowels, removing acids, waste and poison, & you may feel a dull misery in the loins, any region, sharp pains in the back, sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of albumen, like champagne, often gets irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's uric waste, begin drinking water. Also about four ounces of Jad Salts from any pharmacy, take a tablespoonful of a glass of water before breakfast a few days and your kidneys may thank you. Fine and bladder disorders disappear. The famous salts are composed of acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive & makes a delightful effervescent litewater drink which millions of men & women take now and then to help prevent serious kidney and bladder disorders.

But, means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.
